

TOP LABELING MACHINE

DESCRIPTION

The top labeling machine is the self adhesive labeling machine for pasting labels on top of the products, such as boxes, pouch, caps, lipsticks, or any flat surface of the products.

Label detection electric eye, product detection electric eye and optical fiber amplified adopts famous brands such as Germany SICK, Japan PANASONIC, Germany LEUZE (For transparent sticker) etc

Features You Can Not Ignor:

1. It can label for any products with flat surface. More flexible arrangement for manufacturing schedule.
2. The labeling head convenient to adjust, the labeling speed is automatically synchronous with the conveyor belt speed to ensure precise labeling.
3. The speed of conveyor line, the speed of pressure belt and the speed of label output can be set and changed by the PLC human interface.
4. Use famous brand PLC, stepping or servo motor, driver, sensor, etc, good quality components' configuration.

SPECIFICATION

1.	Application	Any project with flat surface
2.	Speed:	30-150pcs/min (depends on actual product and label size)
3.	Operating mode	automatic
4.	Label Height	5-150mm customizable
5.	Label Length	25-300mm customizable
6.	Pastes the sign precision	±1mm
7.	Roll inside	76mm
8.	Roll Outside Diameter	380mm
9.	Power Supply	110/220V 1.5HP 50/60HZ
10.	Air compressor	5Kg/c m ²
